Hi Shawna,

Thanks for taking time out of your busy day to fill me in on how things are going with the cleanup of your property. In regards to your questions about getting copies of your access agreement as well as a copy of the lease agreement between the HOA and Keller, I'm checking with Donna and Brenda to see if there's anything we can do to get Chuck to send you copies of what you need. I'm also checking with Brenda in regards to your Conoco question.

As for your latest monitoring results, we have not received the results as of yet. The monitoring was done on the 19th and shipped out but it will probably take a week or so to get the results back.

In regards to your question about whether another well will be placed on your property, you are correct, there will be an additional permanent well installed on your property. If you look at the existing and proposed well map that I sent to you earlier today, you'll see the proposed location for the well on your property which is shown as being the one closest to the lake.

Hope this information is helpful and I will be in touch as soon as I hear back from Brenda and Donna in regards to your other questions.

Sincerely, Libby Faulk
